LABOR ASKS RESUMPTION OF TRADE WITH RUSSIA

John Spargo, at Hearing, Oppose Action on Ground of Danger to Economic System.

Representatives of organized labor in many lines of industry yesterday urged the adoption of Senator Francis resolution for the resumption of trade with soviet Russia, at a hearing before the foreign relations committee. They said resumption of trade would go a long way toward relieving the present industrial depression, which has thrown more than three million persons out of employment in the United States.

John Spargo of New York, who has written extensively on Russian conditions, expressed the opposite opinion. In a formal statement, which was admitted to the record, he declared that the renewal of trade "might easily prove the cause of bringing about the collapse of our entire economic system," as vast credits would have to be extended to carry on the trade.

Declaring that Lenin and Trotsky monopolized Russian trade, Senator Mandegee, republican, Connecticut, asked how it would be possible to work out plans for trade with Russia without dealing with them. Senator France replied that "British statesmen have worked out a plan for the possession of the whole Russian trade" and that he believed American statesmen had ability equal to that of the British.

Charges that the State Department maintained an actual blockade against soviet Russia were presented to the committee by Mrs. Harriet Stanton Blatch and Miss Lucy Branham of the American women's emergency committee.

MANY AT HEALING SERVICE

Testimony of Benefits Heard at Local Episcopal Church.

More than 100 persons attended the healing service at St. Stephen's Episcopal Church, 2017 14th street, Tuesday night, the occasion being featured by the report that a woman parishioner, who had been told by physicians that she was suffering from cancer, which would necessitate an operation, had been entirely cured after attending four of these services.

Several parishioners and others have testified that, while suffering from no bodily ailment, they received great spiritual gain from being present at these services, according to Rev. George Fiske Dudley, the rector, who was assisted last evening by Rev. C. G. Bradley, assistant rector. A group of fifteen intercessors from the Daughters of the King occupied the choir stalls and took part in the service.

Healing services are held at the church every Tuesday, alternating between 8 p.m. and 10:30 a.m., and will be continued indefinitely. Next week's meeting will, therefore, be at 10:30 o'clock in the morning. There will be a big turkey dinner for men in the parish hall tonight, at which the Bishop of Washington is to be the guest of honor, while a similar dinner for the young people of the parish is scheduled for February 4.

CONSENT VERDICT OF \$2,000.
